about GlassCrafters/
quality detail

Reflections

Passion and dedication to creating and delivering the highest standard of excellence is the driving force of GlassCrafters. Through exclusive showroom distribution – GlassCrafters has been satisfying architects, designers, contractors and homeowners looking for the latest and finest quality glass products. Unique custom solutions coupled with outstanding service, is the on-going philosophy since GlassCrafters began as the vision of one man who would not settle for less.

Our line of Mirrored Cabinets is designed to enhance and complement any luxurious bath or powder room. Our wall mirror line is sure to be the focal point of whatever room or hallway they occupy.

Works of Art

The art of making beauty. Beauty that performs, beauty that lasts. That's the GlassCrafter's standard. We combine exquisite craftsmanship, unrivaled engineering and innovative design to create products that are truly functioning works of art. From your first morning glance over a cup of coffee, to your last beauty ritual before bed, an unparalleled grooming experience awaits.

Mirrored Cabinets and Wall Mirrors

Limitless Possibilities

GlassCrafters products capture your vision, express your flair and reveal your artistry. It's easy to make the perfect style statement with our Mirrored Cabinets and Wall Mirrors in contemporary, traditional, or transitional designs. Our decorative framed options are available in five captivating style choices and multiple finishes. We open up a world of limitless design possibilities for your home décor.

Attention to Details

We know it's the details that turn ordinary into the extraordinary. Door frames are precisely mitered, eliminating the need for plastic corners. Rust-proof satin anodized construction, complete with a flange to cover gaps, give the cabinets a clean, refined aesthetic. We offer silent Blumotion cushions that automatically adjust to the closing force of the door. Our Blum snap on hinges, the best on the market, provide an optional degree of door opening with a lifetime warranty on mechanical parts. Cabinets can be recessed, semi-recessed, or surface mounted with mirrors inside and out for the ultimate grooming experience. All of these components create the comfort, convenience, and style that are so important to our clients.

frameless beveled mirror

Frameless Beveled Mirror Cabinet

Offering the same utility and function as the flat series, the frameless 3/4" beveled cabinet series adds a crisp flair to the mirror. Utilizing the strength of 4mm mirror, our glass experts craft a precise 3/4" beveled edge on the mirror. Personalize your design without sacrificing function. The 3/4" Frameless Beveled Mirror offers the same options as the Flat Mirror series.

vertical tier cabinets

Vertical Tier Cabinets

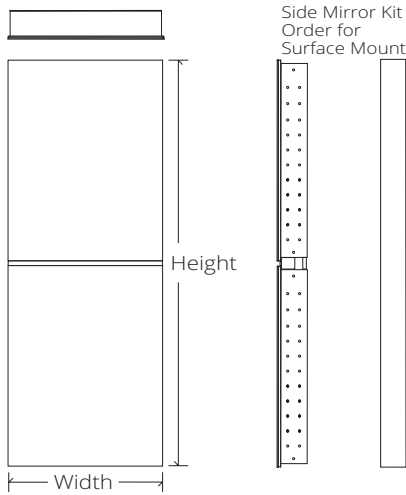

GlassCrafters Vertical Tier System positions one cabinet above another creating a larger vertical cabinet for extra storage and the elegance of a full length mirror. Multiple height cabinets of the same width and depth can be combined either vertically or horizontally to fit the desired design. GlassCrafters will custom cut a full length side mirror kit when ordered. Vertical Tier System side mirror kits are required for semi-recessed or surface mount installations.

electric option

Mirrored Cabinet Electric Option

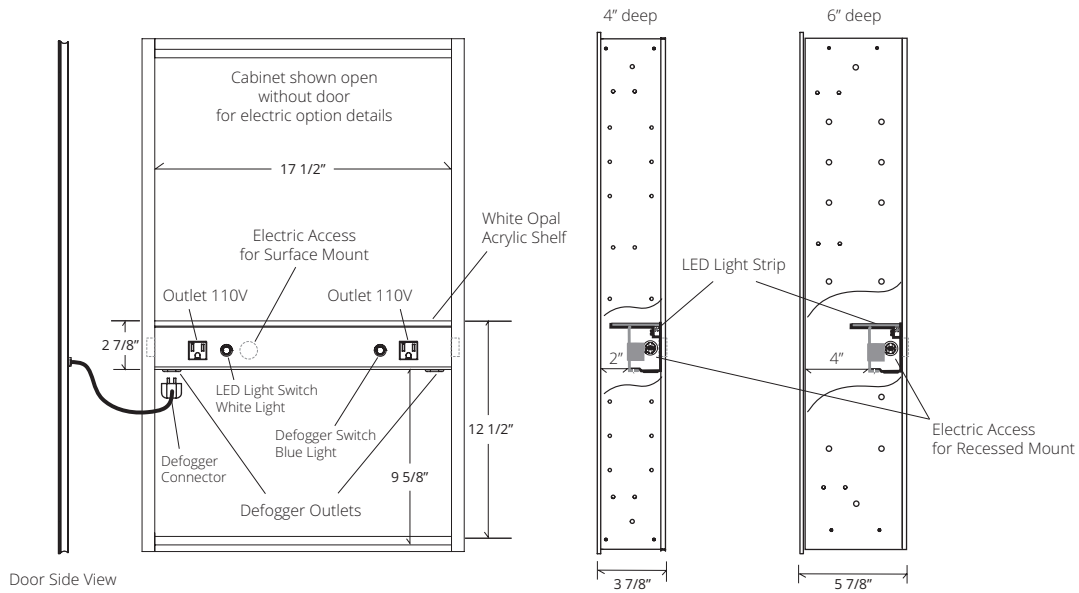

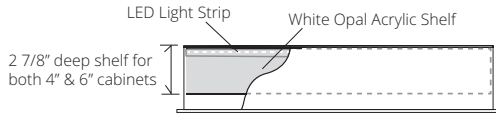

Our innovative design offers the convenience of electrical outlets in a mirrored cabinet. This feature will enhance your grooming experience and provide additional electrical accessory storage. Our option allows for storage and charging of most electric toothbrushes in a 4" deep cabinet. An integral LED light illuminates the interior of the cabinet with a warm, subtle light that is especially ideal for night time use. GlassCrafters' Electric Option also includes a heated defogger in the cabinet door to keep your mirror mist free.

Features

- 2 Electrical AC Outlets
- Heated Door Defogger
- Integral LED Light
- Illuminated Indicator Switches

Model Availability

Available on GC1630, GC1636, GC2030, GC2036, GC2430, and GC2436 frameless and framed Mirrored Cabinets. Not currently available for GC1624, Tri-View, Full-Length or custom size cabinets. All Mirrored Cabinets with the Electric Option come with a handed door available with left or right sided hinges. (Add "EL" or "ER" to model code.)

Refer to GlassCrafters' Mirrored Cabinet with Electric Option installation instructions for all electrical requirements prior to purchase. Installation instructions are available online at www.GlassCraftersMirroredCabinets.com and with the purchased cabinet. All wiring should be done by a qualified licensed electrician. ETL listing. Patent - www.glasscraftersincpatents.com

vertical LED task lights

Features UL recognized components

Vertical LED Task Lights

GlassCrafters' Vertical LED Task Lights illuminate your daily grooming activities with energy efficient, optimal warm white light and integrate seamlessly into any décor. Providing a minimal, low profile design aesthetic, the 2 - 1/2" wide Vertical LED Task Lights are easy to install and complement GlassCrafters' 24", 30" and 36" high, frameless flat or beveled mirrored cabinets.

Features

- Linear illumination reduces shadows across face
- Angled diffuser designed to project precise light towards user's face
- LED lamping is both energy efficient and longer lasting
- Lights and cabinet can be either recessed or surface mounted
- Made of durable, rust-proof aluminum construction
- Sold in pairs

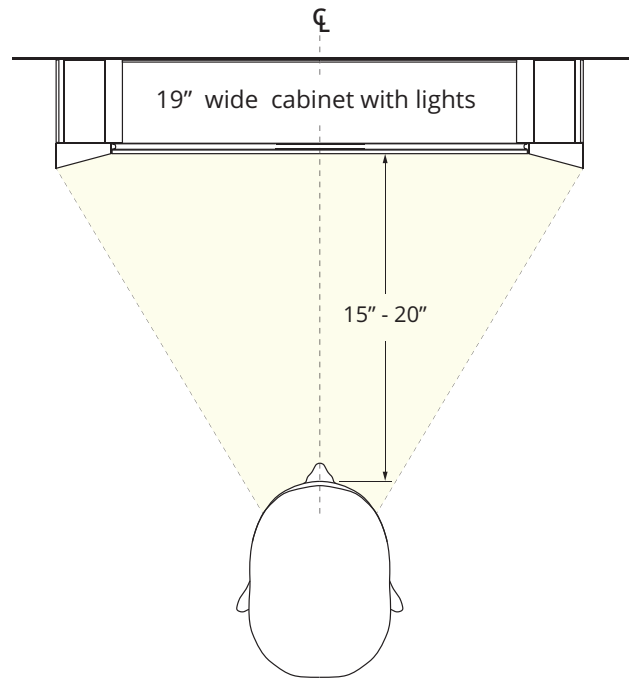

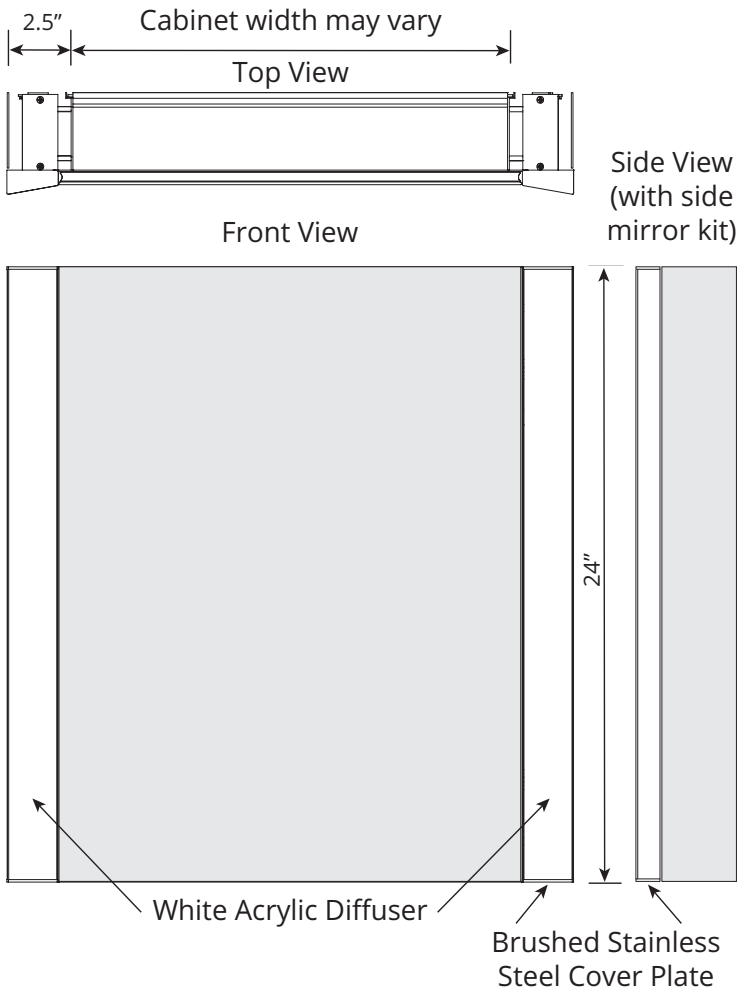

Model Availability

Available for 24", 30" and 36" high, frameless cabinets. Modular lights attach to the side of cabinet.

GLASSCRAFTERS INC.

Vertical LED Task Lights

Specifically designed to precisely project light at the user's face, reducing shadows for makeup or shaving applications. We have found that 2700 - 3000 Kelvin color temperature (warm white light) with a color rendering index of 80-90 (for enhanced skin tones) provides the best environment for personal grooming tasks.

Note: Cabinets combined with Vertical LED Task Lights that are intended to be surface mounted require a mirrored side kit.

Available Sizes - For 4" or 6" Deep Cabinets

Model	Overall Dimensions Width & Height (per light)
VTL-24-001	2.5" x 24"
VTL-30-001	2.5" x 30"
VTL-36-001	2.5" x 36"

Lights are non-dimming. Add 4 3/4" to the width for all rough openings and framing for cabinets with vertical LED task lights.

GlassCrafters' lights range between 2700 - 3000 Kelvin color temperature.

Refer to GlassCrafters' Vertical LED Task Lights installation instructions for all electrical requirements. Installation instructions are available online at www.GlassCraftersMirroredCabinets.com and with the purchased lights. All wiring should be done by a qualified licensed electrician. Patent pending.

Note: Individual Vertical LED Task Lights product specification sheets are available for download at www.glasscraftersmirroredcabinets.com.

magnification mirror

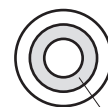

3X Magnification Mirror

Included with your purchase of the Mirrored Cabinet, the 3X Magnification Mirror is sure to become an indispensable tool that enhances your GlassCrafters' Mirrored Cabinet. This slim 3X Magnification Mirror is placed on the cabinet's inner mirror door at the homeowner's desired height. The low-profile mirror enhancement will not restrict the positioning of the cabinet's glass shelves and will be essential for day to day detailed grooming tasks.

mirror care instructions

To our Valued Customers,

We realize that the marketplace offers many choices and we thank you for selecting GlassCrafters for your Mirrored Cabinet needs. These care instructions should be followed to ensure the longer life and beauty of your Mirrored Cabinet or Decorative Wall Mirror. For cleaning the mirror, we recommend using ammonia free **Sprayway** brand glass cleaner, which is available at a variety of retail outlets.

www.spraywayinc.com/content/glass-cleaner

Never use abrasive cleaners or cleaners containing ammonia. This may cause chemical damage to the mirror and void the warranty.
