

MATRIX series frameless shower enclosures

Stainless Steel Rollers

Matrix Series Frameless Shower Enclosures

The Matrix Series from GlassCrafters combines world class engineering, technological innovations of precision stainless steel and carefully crafted glass to create a unique space that truly reflects who you are. A truly frameless sliding door is supported by a solid 1" diameter stainless steel rod eliminating the typical header. Two sets of precision machined stainless steel rollers allow you to effortlessly operate the enclosure. Our custom designed bumper system eliminates the need for side rails or bottom tracks, expanding the look and feel of your bathroom. Select from our twenty six decorative glass options. Finish choices include Brushed Stainless Steel and High Polished Stainless Steel.

The ensuing care instructions should be followed to ensure the longer life and beauty of your Shower Enclosure. For cleaning the glass, we recommend using ammonia free Sprayway brand glass cleaner, which is available at a variety of retail outlets.

www.spraywayinc.com/content/glass-cleaner

Never use abrasive cleaners or cleaners containing ammonia. This may cause chemical damage to the glass and void the warranty.

CLIPS

Wall Clip CL101

Adjustable Angle Clip CL104

90° Corner Clip CL102

135° Corner Clip CL103

EnduroShield Protective Coating
Protect your glass with EnduroShield. Helps prevent hard water staining and soap film buildup from occurring with normal cleaning. Add **\$8.00** per square foot to the price shown.
